

The Brown  
County Child  
Support  
Agency  
supports  
relationships  
between  
children and  
their parents  
by offering  
supportive  
services under  
the Access  
and Visitation  
Federal Grant.

Brown County Child Support

305 E Walnut St., 4<sup>th</sup> Floor  
Green Bay WI 54301

## Access and Visitation

---

The Brown County Child Support Agency now offers services to participants to help with custody and visitation issues. Please contact our agency at (920) 448-7625 for more information or to schedule an appointment with the Access and Visitation Family Advocate.

## What We Do

---

The Access and Visitation Grant administers programs to support and facilitate parents' access to and visitation of their children.

## Resources Offered

Outreach, recruit and engage families and ensure they are served according to the program guidelines.

Establish close, lasting and trusting relationships with families to secure accurate information and an understanding of their needs over time in order to enhance the quality of father involvement within the family unit.

Assist families in identifying their needs, create effective case plans, arrange referrals and monitor progress.

## Do You Have Questions?

---

Do you have a court order indicating you have visitation with your child but the other parent is not honoring the court order?

Are you willing to work with the other parent to agree to a visitation schedule?

Do you have visitation with your child but are unsure how to meet his or her needs?

How does your parenting affect your child?

- Do we work together when co-parenting?
- What are the important issues when raising children?
- Do I understand my child's needs?

## About...

---

Terry Wolfram, Family Advocate, has been with Family Services/Healthy Families since 2011, providing Fatherhood Programing and home visitation services to the community. Additionally, Terry has facilitated Parenting curriculum for the Supporting Parents Supporting Kids Program of Brown County Child Support.
