GENERAL INFORMATION

1.1 Purpose and General Information

The Wisconsin Workforce Development Association (WWDA) is an organization that represents the eleven Workforce Development Boards (WDBs) who administer Workforce Innovation Opportunity Act (WIOA) programs, as well as other federal, state, and local workforce development initiatives across Wisconsin's eleven Workforce Development Area's (WDAs). The WWDA Finance Committee (WWDA:FC) is the group responsible for this RFP.

The purpose of this document is to provide interested parties with information to enable them to prepare and submit a proposal for audits of entities that operate employment and training programs funded by the Wisconsin Department of Workforce Development and other funding sources.

The Wisconsin WDBs and their associated other WIOA providers intend to use the results of this process to establish a list of qualified Contractors for audit services. A review team from the Workforce Development Boards will evaluate the technical qualifications of respondents. Any qualified contractor on the list may be chosen to provide the specifically outlined audit services for any of the separate entities identified in this Request for Proposal (RFP). See Attachment D.

Only basic fee structure pricing data will be required with this proposal response. Each organization will select, negotiate, and contract for an individual cost for audit services.

1.2 Scope of Services

Contract Performance

The scope of the engagement is to perform Financial and Compliance (F&C) audits of the grantees and/or their respective subcontractors listed on Attachment D for program year 2019 (July 1, 2019 - June 30, 2020) and for two subsequent years to include program years 2020 and 2021. The non-profit entities have been subject to Single Audits in prior years.

Audit services will be based on 2 CFR 200 Subpart F (Uniform Guidance Subpart F – Audits). Services will also be based on Generally Accepted Auditing Standards (GAAS), State Single Audit Guidelines issued by the Wisconsin Department of Administration (SSAG dated 2010), the Department of Labor's adoption of Uniform Guidance 2 CFR 2900, the Department of Health and Human Services' adoption of Uniform Guidance 45 CFR Part 75, and the objectives and requirements stated below.

The objectives of the audit are to determine whether:

1. The administrative entity is appropriately administering funds.
2. The systems contain adequate internal controls, including adequate safeguards for the protection of funds received and other assets.
3. Reports are prepared accurately and timely, and fairly present the operation and financial position of the entity.

4. The systems, processes, plans, and contracts are in compliance with Federal Legislation and other federal regulations, and instructions from state and federal funding agencies.
5. The participants served by the program(s) are eligible.
6. The grantee participants are all entered into required eligibility reporting systems.

Copies of prior audits and reviews can be made available to the Contractor before the field work begins. The Contractor is required to complete the audit and the reports in accordance with the WDA determined delivery schedule.

The Contractor may schedule a briefing session with participating Workforce Development Board staff prior to beginning the field work.

Such termination will require written notice to that effect to be delivered by the contractor to WDB not less than 30 days prior to said termination.

The failure of a Contractor to comply with any of the provisions, covenants or conditions of this RFP shall be a material breach of an established Contract. 2. records and appropriate documentation were not maintained at the location indicated in the Agreement, or in a reasonable proximity, and consequently unavailable for audit;
3. records to be in such condition that it was not possible to conduct an audit (only a total absence of records will result in an unauditable condition);

Then the contractor will promptly report such conditions to the WDB Authorized Representative in writing. In the case of the Administrative Entities' records being considered unauditable, the contractor shall submit a letter report delineating the reason for such determination, a recommendation as to action required to place records in condition for audit, name(s) of auditor(s) making the visit to the auditee's location, and the date of such visit. 5.9. Final Audit Reports

The contractor shall deliver all final audit reports for Program Year 19 on or before January 31, 2021 and for subsequent years, the January following each program year end unless individual arrangements are made with the purchasing WDB. We encourage that reports be submitted earlier than the above schedule. However, if the contractor fails to make delivery of the audit reports within the time schedule specified herein, or if the contractor delivers audit reports which do not conform to all the provisions of this RFP, the WDB may, by written notice of default to the contractor, terminate the whole or any part of this contract.

5.15 Debarment and Suspension

Non-federal entities and contractors are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180.
